

[Galaxies-A Comparison](#)

Click on the title above and use the information in the graphic organizer to find out how the three galaxies are alike and different.

	Spiral Galaxies	Elliptical Galaxies	Irregular Galaxies
Alike (at least four)			
Different (at least three)			

Now that you have finished the Galaxies-A Comparison, your job is to go to Galaxies and More and navigate and participate in all three galaxie activites. Click on [this link to go to Galaxies and More](#). After you have completed all three parts of Galaxies and more, please write a paragraph below describing what you have learned. Be sure to save your work with your

name and turn it into your teachers S drive, completed work folder.

Reflection Paragraph: (Be very specific, cite examples)
